from Sunny Meade Alpacas Ltd.

An owl pillow front made in "I Feel Like Scrap" class.

Schedule Studio Time

Once you've taken a class you are eligible to rent studio time at an introductory rate of \$25 an hour. We're still in the preliminary stages of gauging the interest in the use of the FeltLOOM. We will review your project materials and desired techniques to ensure the longevity of the FeltLOOM's mechanics. Otherwise we encourage creativity here on the farm!

Class Offerings

Are you looking for something new and creative to do, something other than painting on a canvas? Sunny Meade Alpacas has a new fiber studio and has planned a number of fun classes to explore the many creative uses of our Lexi FeltLOOM.

Needle felting is the process of using a barbed needle to repeatedly jab alpaca/wool fibers causing them to grab each other and tangle, becoming compact into flat pieces. Our FeltLOOM greatly increases the number of needles used in traditional needle felting, from just a few needles to 3 rows of 100 needles. It offers unlimited creative opportunities.

No experience is required for our unique classes, you will be instructed on techniques. A bonus is that our studio has a picture window where you can see the alpacas in the barn. You are also welcome to take a break during the class to interact with the alpacas if you like. Due to the studio size the class sizes are limited, so register early.
